

# Child Care Factsheet for Ontario County

January 2024

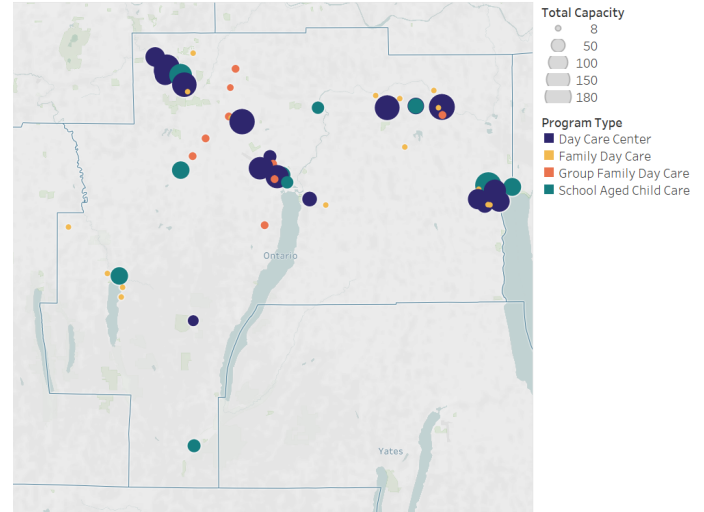

**Child care is a critical support for families with young children, employers, and New York state's economy.**

New York has made substantial investments in the child care system over the past few years, but more is needed to help the sector thrive. The supply of child care is not large enough to meet the needs of families, care is too expensive for many families to afford out-of-pocket, and the child care workforce is underpaid.

**Ontario County has 5,234 children under the age of 5 and 10,072 children between 5 and 12 years old** out of a total population of 112,288. In the county, 78% of families with children under 18 have all adults in the workforce, and 80% of mothers with children under 18 are in the workforce across the county.

**In Ontario County, there were 93 child care programs in 2020 and 77 programs in 2024, a change of -17% over four years.**
